

CHERRY BOMB

Hey yeah
Hey yeah
Hey yeah
Ain't a fire cracker she's a cherry bomb

She's a slick size six in her six inch heels
She's a four on the floor, hell on wheels
She's the eye of the tiger if your looking for a cat fight
She's a five alarm fire in the middle of midnight

Hey yeah
She got it going on like hell, yeah
She's my wild cat and my half the spent and my ever after
I gotta go get her
My Jolene my delta dawn
She blows me up, she turns me on
Ain't a fire cracker she's a cherry bomb

Hey yeah
Hey yeah
Hey yeah
Ain't a fire cracker she's a cherry bomb

Lazy little devil in my atmosphere
She's got angel wings when the smoke is clear
She's my backwards breeze she's my lightning storm
She's a bring it on cyclone in my arms

Hey yeah
She got it going on like hell, yeah
She's my wild cat and my half the spent and my ever after
I gotta go get her
My Jolene my delta dawn
She blows me up, she turns me on
Ain't a fire cracker she's a cherry bomb

She packs a whole lotta punch for a little bitty thing
Make ya body shake, make ya ears ring
Fire that fuse, strike that match
3, 2, 1, better step on back

Hey yeah
She got it going on like hell yeah
She's my wild cat and my half the spent and my ever after
I gotta go get her My Jolene my delta dawn
She blows me up, she turns me on
Ain't a fire cracker she's a cherry bomb
Blows me up, she turns me on
Ain't a fire cracker she's a cherry
Bomb bomb bomb bomb bomb bomb

Hey yeah
Hey yeah
Hey yeah
Ain't a fire cracker she's a cherry bomb
